SERFF Tracking #: MVPH-133645872
Market Segment: Small Group

Generally, once a year MVP files for a change to the current premium rates on file for their products based on a review of the adequacy of the rate level. Premiums need to be sufficient to cover all medical and pharmacy claims submitted from covered members, cover the administrative cost of operations, Federal and New York State taxes/assessments levied and New York State statutory reserve requirements.

MVP is proposing a premium rate adjustment effective January 1, 2024. Policyholders will be charged the proposed premium rates upon renewal in 2024 pending New York State's Department of Financial Services review. There are 1,257 policyholders and 5,720 members currently enrolled in Small Group MVP Health Plan, Inc. plans. The proposed premium rate adjustment represents an average increase of 11.0%. Premium changes will vary by plan design.

Premium rates are changing due to the following reasons:

- The rising cost and utilization of medical services and prescription drugs (+7.5%)
- A change in non-claim expense items including taxes and fees (+1.0%)
- A change in claim projection from the prior year which includes the impact of changes in anticipated payments/receipts in the Federal Risk Adjustment Program (+1.9%)
- The impact of 2024 being a leap year (+0.3%)
