

## WHY SUBMIT TO MVP ELECTRONICALLY?

Your claim turnaround time will **improve** by seven to ten business days.

- Electronic claims are in the system within 48 hours of submission.

**Decrease** your business expenses.

- Save money on postage.
- Save money on HCFA forms.
- Save money on envelopes.
- Reduce the amount of time your staff spends billing paper claims.

Receive **confirmation** reports electronically.

- End the fear of claims lost in the mail.
- Reduce the amount of time your staff spends on the phone checking claim receipt and status information.

## Now that you know why, here's HOW TO GET STARTED

## You currently have three options available for electronic billing

### 1 DIRECT SUBMISSION

- MVP does not charge any set up fees, or transaction fees.
- This will bypass the clearing house and go directly from your billing system to MVP's claim system.
- Your system must be capable of transmitting claims in the current HIPAA compliant format.
- Transmissions can be received either by modem, internet, or FTP with PGP Encryption.
- Companion Guides available upon request.

### 2 MVP ONLINE CLAIM FORM

- You must have internet access
- Easy to use
- This also bypasses the clearinghouse. The claim will go directly from MVP's web page to MVP's claim system.
- The online claim form will only accept clean claims as all of MVP's claim edits are checked prior to submission.
- No EDI reports to follow-up with.
- MVP does not charge for this feature.
- Claims submitted prior to 4 pm will be uploaded that evening.

### 3 CLEARINGHOUSE

- If you are currently submitting to other commercial carriers through the clearinghouse, then contact us today to set up electronic claim submission to MVP.
- If not, contact your software vendor and advise them that you would like to be set up to bill electronically through the clearinghouse.

**MVP must authorize** providers before electronic transmissions can begin. For more information, please contact our EDI Department at 1-877-461-4911 or email [EDI@mvphealthcare.com](mailto:EDI@mvphealthcare.com).

MVP also offers the following transactions:

835	Electronic Remit
270/271	Electronic Eligibility
276/277	Electronic Claim Status
278	Electronic Authorization request
