Changes to the New York State Patient Centered Medical Home (NYS PCMH)

Action Required for Participating Providers in the Medicaid Managed Care and Child Health Plus (CHPlus) Incentive

The NYS Department of Health (NYS DOH) has announced updates to the NYS PCMH Medicaid and CHPlus incentive enhancement.

To continue receiving the incentive enhancement, PCMH practices must complete an attestation survey by March 31, 2025.

Practices that do not complete the attestation will lose the enhanced incentive, but will still be eligible for the \$6 per Member per month incentive.

To complete the attestation, visit smartforms.health.ny.gov/public?formId=675a009d3aad5089bec295b0

All currently recognized NYS PCMH providers have received the link to the attestation using the email address(es) associated with recognized providers and practices, as transmitted to the New York State Department of Health (the Department) by the National Committee for Quality Assurance (NCQA). If you have not received the password for the attestation link, please send an email request to pcmh@health.ny.gov.

Background of NYS PCMH

On April 1, 2018, the NYS DOH released an innovative model for primary care transformation known as the NYS PCMH. The purpose of the NYS PCMH is to expand access to high-performing primary care which is key to improving value in health care and achieving the Triple Aim goals of improved health, better health care and consumer experience, and lower cost.
