¹Unless otherwise noted, all plan deductibles and/or out-of-pocket maximums are embedded.

²Gia telemedicine services will be \$0 after the deductible is met on MVP QHDHPs beginning January 1, 2025, upon plan renewal unless the Affordable Care Act 2023 QHDHP/HSA safe harbor is further extended.

Aggregate vs. Embedded Aggregate (AGG) Deductible: All family plan individuals pay together toward one deductible amount before the plan will make payments. **Embedded (EMB) Deductible:** Each family plan member pays their own, individual deductible. Once an individual has met their deductible, no further deductible is required of them for that plan year. Other family members continue to pay toward their individual deductibles until the family deductible is met. An embedded out-of-pocket maximum works the same way.

QHDHP: Qualified High-Deductible Health Plan **NoDD:** Not subject to deductible

All MVP NY Small Group plans pass for Medicare Creditable Coverage. All QHDHPs can be paired with a Health Savings Account.

These plan overviews are intended to provide a general outline of coverage.
